DOCTOR OF MUSICAL ARTS IN ORGAN PERFORMANCE

THREE TO FIVE YEAR DEGREE (54-30)

The Supervisory Committee creates the Doctor of Musical Arts program for each student in order to fulfill the best interests of that student's education. Therefore, it is important that a student form a Supervisory Committee as soon as possible after entering the doctoral program. It is the responsibility of the Supervisory Committee to assure an appropriate program of study for each student. Students typically enter the doctoral program having completed coursework equivalent to a master's degree in music. See our master's degree program requirements. The Graduate School requires ninety (90) credits for the doctoral degree, sixty (60) of which must be taken at the University of Washington. In addition to coursework at the master's level, the following is a breakdown of coursework required for the doctoral degree.
