Master of Music in Composition

Two Year Degree (45-27)

The following guide serves as a typical program of study (assuming no remedial work is necessary) upon which the Supervisory Committee develops each graduate student's particular program of study. It is the responsibility of the Supervisory Committee to assure an appropriate program of study for each student. It is within the Committee's purview to require additional courses that are not listed below, to substitute particular courses for others listed below, and to tailor the program to the needs of the student in anyway that it deems educationally mandated.
