

## **BRECHEMIN PIANO USAGE**

*When moving or using a piano, you are responsible for its condition.  
Your access to the pianos depends upon proper treatment.*

### **GENERAL PIANO USE**

- Do not place objects on the piano (drinks, books, keys, etc.)

### **MOVING THE PIANO TO AND FROM THE CLOSET**

- The piano should be moved by two people.
- The cover must be ON the piano before moving it.
- Move slowly and be careful not to hit the doorframe. It is a narrow fit; only 3 inches on either side.

### **PIANO COVER**

- When not in use, fold the cover so the inside does not collect dirt.
- Place the folded piano cover on a chair or backstage, not on the floor.

***These instruments are very expensive. PLEASE treat them properly.***
